

BIOTIN (VITAMIN B₇)

MAIN FUNCTIONS

- Helps convert food into usable energy
- Helps make glucose

DAILY RECOMMENDATION

30
µg

All Adults

GOOD SOURCES

Biotin is found in many foods; yeast, egg yolk, and liver are especially high in biotin.

Egg

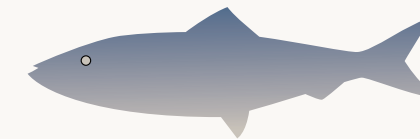

- Egg, 1 large, 13–25 µg

Fish

salmon

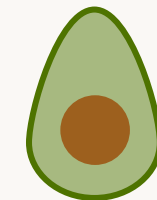

- Salmon (cooked), 3 ounces, 4–5 µg

Plant Products

yeast • avocado

- Avocado, 1 whole, 2–6 µg

SPECIAL NOTES

- A varied diet should provide enough biotin for most people.
- The LPI recommends a daily multivitamin/mineral (MVM) supplement for healthy adults; most MVM supplements provide at least 30 µg of biotin.
