**Student Volunteer Position:** Early Childhood Education Assistant

**Commitment:** April 7-June 11, 2015  
Tuesdays, 9:00 AM – 12:30 PM  
Thursdays, 9:00 AM – 12:30 PM

**Location:** Tunison Community Room, 365 SW Tunison Avenue

**Description:** Responsible for assisting with the Healthy Sprouts program, a Parent/Child Interactive Class. Duties include assisting the Nutrition Educator while working with young children and their families. Activities may include movement circle activities, craft projects, guided indoor and outdoor play (rain or shine), interactive games, snack preparation and cooking activities that are related to nutrition and kindergarten readiness skills. This is a great opportunity for students who want to develop experience teaching, creating and/or leading activities for children, and learning more about nutrition, cooking, seasonal foods and child development.

**Qualifications:** Undergraduate or graduate students in Education, Human Development and Family Sciences, Nutrition, or related fields. Candidate needs to possess excitement for working with children and their families; interest in healthy living, nutrition, cooking, gardening (either professionally or as a hobby); ability to work cooperatively with others as well as independently.

**To apply:**  
Prepare the following application packet, including the following forms (found on our website):  
- Cover letter  
- Resume  
- Volunteer Application  
- Conditions of Volunteer Service  
- Criminal History Check and copy of photo ID  
- 3 Reference Forms (these may be professional or personal in nature)  
- Answers to the following questions:
  1. Describe both your interest and your experience working with children ages 2-5 years and/or families.  
  2. Describe your interest and your experience healthy living, cooking and nutrition.
